

OUR MISSION

To provide generational support to our grandchildren, their parents, teachers, administrators, alumni, and staff. We serve ACS with our time, prayers, finances, and other resources in gratitude for the investment our teachers and administrators are making in the lives of our families and community.

GUIDING VERSE

"One generation shall commend Your works to another." — Psalm 145:4

Grandparents are welcomed personally and connected based on their interests and availability so they feel seen, valued, and included.
